Dear Sir/ Madam,

This is the sixth year that these Awards in e-Governance are being presented. The Computer Society of India and Nihilent have jointly instituted and managed a series of awards for recognizing the contributions made in the field of e-Governance in the country. The basic objective of these awards has been to recognize and appreciate the successful efforts by the States, Government Departments, Project initiatives and Districts in achieving good governance using ICT. The final Award winners will be felicitated at the CSI National Convention to be held in Pune on 9 October 2009.

It has been the endeavor of the selection committee members and others involved in this process to bring as many projects in the fore front for the benefit of all. As part of these awards, another major value addition being made towards knowledge sharing is documenting and bringing out a publication, for the benefit of all at large. The publication presents the major initiatives and documents of the selected nominations. This year also our endeavor is to bring out the publication in coincidence with the Awards.

It is my honor to be the convenor for this years prestigious Awards and hope this year also all the good initiatives across the States and Central Government are showcased for due recognition. I personally, and on behalf of the selection committee seek your support to bring a maximum number of nominations in the various categories for this years awards. The nomination process will start from 2 April 2009 and closes on 30 June 2009.

Looking forward to your participation.

Piyush Gupta
Convenor,
CSI-Nihilent e-Governance Awards 2008-09
