## **Introduction**

### **ANDAMAN & NICOBAR – THE EMERALD ISLANDS**

The Andaman and Nicobar Islands, located in the east of the Indian mainland geographically, float in splendid isolation in the Bay of Bengal. Once a hill range extending from Myanmar to Indonesia, these picturesque undulating islands, islets, numbering around 572, are covered with forests and endless varieties of exotic flora and fauna. Underwater marine life, coral, crystal clear water and mangrove-lined creeks offer a rare view of the precious bounties of nature. Sandy beaches here are the natural choice for turtles to nest. Around 86% of the area is still covered by dense forests with innumerable species of orchids, ferns, exotic flowers and also home to many endemic birds. The wild life includes spotted deer, wild boar, gecko and crab-eating macaque and python in the southern Islands. The islands lie along an arc in long and narrow broken chain, approximately north-south over a distance of nearly 800 kms.

These islands are still virgin in the sense of natural beauty with unpolluted environs, unexplored coral life, commanding a rarity in contrast to other Islands in the Indian Ocean.

#### **History**

The Andaman & Nicobar Islands have been inhabited for several thousands years, at the very least. The earlier archaeological evidence yet documented goes back some 2,200 years ; however, the indications from genetic, cultural and linguistic isolation studies point to habitation going back 30,000 – 60,000 years, well into the Middle Paleolithic. In the Andaman Islands, the various Andamanese people maintained their separated existence through the vast majority of this time, diversifying into distinct linguistic, cultural and territorial groups. By the 1850s when they first came into sustained contact by outside groups, the indigenous people of Andamans were: the Great Andamanese, who collectively represented at least 10 distinct sub groups and languages; the Jarawa: the jungle (or Rutland Jarawa); the Onge; and the Sentinelese (the most isolated of all the groups). The indigenous peoples of the Nicobars (unrelated to the Andamanese) have a similarly isolated and lengthy association with the islands. There are two main groups: the Nicobarese, or Nicobari living throughout many of the islands; and the Shompen, restricted to the interior of Great Nicobar.

#### **Climate & Geography**

The islands have a tropical climate. There is medium to heavy rain during the monsoon, in the month from May to mid September and November to mid December. Among 572 islands of the territory 38 are permanently inhabited. Most of the islands (about 550) are in the Andaman Group, 28 of which are inhabited .The smaller Nicobars comprise some 22 main islands (10 inhabited). The Andaman & Nicobar are separated by the Ten Degree Channel with 150 Kms. wide.

## **ADMINISTRATION**

The Andaman & Nicobar Islands are administered by the Lt. Governor who is appointed by the President of India under Article ..... of the Constitution. The Islands also represented in the Parliament (Lok Sabha) by a lone Member. Administratively the entire islands are divided into three districts viz. South Andaman (HQs: Port Blair), the Middle & North Andaman (HQs: Mayabunder) and the Nicobar (HQs : Car Nicobar).

Under devolution of powers as envisaged as per Article ..... of the Constitution a three tier Panchayati Raj System is also functioning in the islands.

## **Port Blair - The Capital of Andaman & Nicobar Islands**

Port Blair is the capital of the Union Territory of Andaman & Nicobar Islands. It is located on the east coast of the South Andaman Island. Port Blair is the gateway to the pristine islands. Port Blair is also an Island town offering water based activities like snorkeling, scuba diving, sea-cruises, and glimpses of the history and culture of the region. The Aberdeen Bazaar forms the centre of the town. Most of the restaurants and hotels are around this area. The main bus station is just west of the bazaar and the Airport 4 Kms. to the south west. The main passenger dock for ferries-the Phoenix Bay Jetty is 1 km to the North West.

### **GENERAL INFORMATION OF A&N ISLANDS**

#### **Location**

Location	Bay of Bengal
Longitude	92° to 94° East
Latitude	6° to 14° North

#### **Altitude (Highest Point)**

<b><u>Andaman Islands</u></b>	
Saddle Peak (North Andaman Island)	732 Meters
<b><u>Nicobar Islands</u></b>	
Mount Thullier (Great Nicobar Island)	642 Meters

❖ Total Area	Sq. Km	8249
❖ South Andaman District	Sq. Km	3106
❖ Nicobar District	Sq. Km	1841
❖ North & Middle Andaman District	Sq. Km	3302
❖ Urban area	Sq. Km	16.64
❖ Rural area	Sq. Km	8232.36

## **LENGTH & BREADTH**

### **LENGTH AND BREADTH OF ANDAMAN ISLANDS**

❖ Total Length	467 Kms.
❖ Maximum Width	52 Kms.
❖ Average Width	24 Kms.

### **LENGTH AND BREADTH OF NICOBAR ISLANDS**

❖ Total Length	259 kms.
❖ Maximum Width	58 kms.

### **BIGGEST INHABITED ISLAND IN ANDAMAN GROUP**

❖ Middle Andaman Island	1536 Sq. Km
-------------------------	-------------

### **BIGGEST INHABITED ISLAND IN NICOBAR GROUP**

❖ Great Nicobar Island	1045 Sq. Km
------------------------	-------------

### **SMALLEST INHABITED ISLAND IN ANDAMAN GROUP**

❖ Curlew Island	0.03 Sq. Km.
-----------------	--------------

### **SMALLEST INHABITED ISLAND IN NICOBAR GROUP**

❖ Pilomillow Island	1.3 Sq. km
---------------------	------------

## **Distance**

### **Distance by sea (In kms.)**

❖ Between Port Blair & Chennai	1190
❖ Between Port Blair & Calcutta	1255
❖ Between Port Blair & Vishakapatnam	1200

### **Distance by Air Kms.**

❖ Between Calcutta & Port Blair	1303
❖ Between Chennai & Port Blair	1330

## **Climate**

❖ Normal rainfall at Port Blair	3180 mm
❖ Actual rainfall at Port Blair during 2008	4152 mm
❖ Rainy days at Port Blair during 2008	158
❖ Mean Minimum Temperature at Port Blair during 2008	24° Celsius
❖ Mean Maximum Temperature at Port Blair during 2008	30.2° Celsius
❖ Mean relative Humidity at Port Blair During 2008	80 %

## HOW TO REACH

### BY AIR

Port Blair, the gateway to A&N islands is connected with Chennai and Kolkata by air. Air India, Indian Airlines, Jetlite & Kingfisher Airlines operate regular flights. Foreign charter flights are also permitted to land at Port Blair subject to the fulfillment of guidelines of the Director General of Civil Aviation.

### BY SEA

Regular passenger ship services are available to Port Blair from Chennai, Kolkata and Visakhapatnam and back. There are three to four sailings every month from Kolkata and Chennai to Port Blair and vice-versa. There is one sailing for Visakhapatnam in a month. The voyage takes about 50 to 60 hours and the ship normally berths at Port Blair for about two to four days.

Further information on schedules and tariffs can be obtained from :

## **IN AND AROUND PORT BLAIR**

### ***Historical Sites***

#### **Cellular Jail:**

Cellular jail, located at Port Blair, stood mute witness to the tortures meted out to the freedom fighters, who were incarcerated in this jail. The jail, completed in the year 1906 acquired the name 'Cellular' because it is entirely made up of individual cells for the solitary confinement. It originally was a seven prolonged, puce-coloured building with central-tower acting as its fulcrum and a massive structure comprising honeycomb like corridors. The building was subsequently damaged and presently three out of the seven prongs are intact. The Jail, now a place of pilgrimage for all freedom loving people, has been declared a National Memorial. The jail museum here draws your memories back to those years of freedom struggle.

*Timings for Cellular Jail & Jail Museum :*

*9:00 am to 12:30 pm, 1:30 pm to 4:45 pm*

*Monday Closed, Entry Fee :*

*Rs.5/-, Camera : Rs.10/-, Video Camera : Rs.50/-*

*Ph. 230117*

#### **Son-et-Lumiere (Sound & Light Show) :**

The saga of the heroic freedom struggle, brought alive in a moving Son-et-Lumiere, in the Cellular jail, is very popular among the tourists. The Hindi show starts at 5.30 pm and the English at 6:30 pm.

Entry fee for Adult is Rs.20/- and Child Rs.10/-.

Ph.: 233388

#### **Ross Island:**

This small island in less than a sq. km area, that stands right across Port Blair, encompassing in a way the entire life of the Andamans. It was once the home of the indigenous tribe - Great Andamanese, whose number dwindled from 5,000 to just 28 within 20 years of the initial British occupation. The island served as the capital from 1858 till 1941, when the Japanese occupied it and converted it into a PoW site. The ruins of the church and the Chief

Commissioner's house among overcrowding vines and aerial roots are the most evocative of the remains. Private Ferries operate from Aberdeen Jetty in Rajiv Gandhi Water Sports Complex at 8.30 am, 10.30 am, 12.30 pm and 2 pm. Service not available on Wednesdays. The boat will take you across from the Aberdeen Jetty and bring you back after an hour's stay.

*Entry ticket Rs 20, Camera Rs 25, Boat tickets Rs.75/-, Below 5 Yrs. Free.*

**Viper Island:**

The island derives its name from the vessel 'Viper' in which Lt. Archibald Blair came to the islands in 1768 with the purpose of establishing a Penal Settlement. The vessel, it is believed, met with an accident and its wreckage was abandoned near the island. Gallows built on top of a hillock, visible to all prisoners in the island, signified death. Sher Ali, the Pathan, guilty of murdering Lord Mayo, was condemned to death and hanged at Viper Island.

The Jail at Viper, where prisoners deported from the mainland were confined, was built by the British under the supervision of Major Fort. Work on the prison was started in 1867. Owing to the working conditions, the jail earned the notorious name Viper Chain Gang Jail.

Private Ferry operators conduct Harbour Cruise from Aberdeen Jetty connecting Viper Island everyday at 3:00 pm. Ticket Cost: Rs.75/-

# MUSEUMS

## **Anthropological Museum**

Started in the year 1975-76, the Anthropological museum in Port Blair is an ethnographic museum. It illustrates the four Negrito Tribes of the Andamans Viz., the Jarawas, Sentinelese, Great Andamanese and the Onges and two Mongoloid tribes of the Nicobar viz. the Nicobarese and the Shompens.

Entry Fee : Rs.10/-, Rs.3/- for Children. It is closed on Thursdays & Govt. Holidays. Ph: 03192-232291

## **Fisheries Museum**

Situated near Rajiv Gandhi Water Sports Complex, Port Blair, it exhibits species of marine life endemic to the islands and found in the Indo-Pacific and the Bay of Bengal. It is closed on Mondays and holidays. Entry Fee: Rs.5/-, Video without focus light-Rs 25/-

## **Samudrika (Naval Marine Museum)**

Situated opposite to Andaman Teal House Delanipur, Port Blair, this museum is meant to create awareness on various aspects of oceanic environment. A good collection of shells, corals and a few species of colorful fishes of the islands are on display. Time: 8:30 AM-12.00 Noon, 2.00 PM -5.00 PM, Closed on Mondays & Holidays. Entry Fee : Rs 10/-.

## **Zoological Survey of India Museum**

Situated near Andaman Teal House, this museum exhibits several variety of sponges, corals, butterflies, and centipedes etc., Open on all working days. Closed on Sundays & Holidays.

## BEACHES

### **Carbyn's Cove Beach**

Carbyn's cove beach, the coconut-palm-fringed beach, ideal for sun basking is 6 km away from Port Blair town. Facilities like hotel, restaurant, bar, changing room etc. are available near the beach. Historical remains like Japanese bunkers can be seen on the way. The Snake Island, situated just across the beach is famous for Scuba Diving. Tourist Coaches are available from Andaman Teal House to Carbyn's Cove as a part of conducted tours.

### **North Bay Beach**

North Bay beach is just north of Port Blair. The beach and the snorkeling opportunities in its fringing coral reefs are the closest ones you will find to Port Blair, and therefore, it gets quite crowded. A ferry (9 am and 2 pm; 30mins) will take you across Aberdeen Jetty and bring you back after a 3 hr. stay. The corals at North Bay are rather good and spread over large area. You're very likely to spot many fish, a lobster or two, or even clams on the coral reef. Snacks and basic meals are available in some shacks on the beach.

### **Munda Pahar Beach, Chidiya Tapu**

Before the sunset, enjoy a swim at Munda Pahar Beach, which is 1 km ahead of the bus stand at Chidiya Tapu. Frequent bus services are available from Port Blair Bus Terminus to Chidiya Tapu. Tourist Coaches are also available from Andaman Teal House to Chidiyatapu as part of conducted tours.

### **Wandoor Beach**

Twenty Five Kms. from west of Port Blair is Wandoor Beach famous for swimmings & for Coral Viewing. One can also go to Mahatma Gandhi Marine National Park from Wandoor by boat. Conducted tours are available to Wandoor from Andaman Teal House, Port Blair.

### **Collinpur Beach (36 kms. from Port Blair)**

Situated near Tirur, this place has a beautiful sandy beach with shallow water. It is suitable for swimming, sun basking and sunset viewing.

## OTHER TOURIST SPOTS NEAR PORT BLAIR

### **Mahatma Gandhi Marine National Park**

The Mahatma Gandhi Marine National Park at Wandoor is at a distance of 29 Kms. from Port Blair and covers an area of 281.5 Sq. kms. This Marine Park, made-up of open sea, creeks and 15 small and large islands, is one of the best found anywhere in the world. Viewing of rare corals and underwater marine life through glass bottom boats, scuba-diving and snorkeling are lifetime experience for anyone. Private Ferry operators arrange conducted tour to the Mahatma Gandhi Marine National Park from Wandoor. Charges for boat journey to the park is Rs.450/- per head. One needs to take a permit(issued by the Forest Department) also the boat ticket(from private boat operators) at the Reception Counter of Directorate of Tourism, Port Blair from a Single Window before proceeding to Wandoor. Permit Charges are Rs.50/- for domestic tourist(Rs.25/- for children) and Rs.500/- for foreigners. The boat charges are inclusive of ferry charges, glass-bottom boat, charges at the park, snorkeling equipment, life-jacket and guide-fee. Tourists are allowed to spend 2 ½ hrs. in Jolly Buoy Island or Red Skin Island as a part of conducted tours. Generally, from December to May, tourists are taken to Jolly Buoy Island and from May to November to Red Skin Island. Timing: 9:30 am to Jolly Buoy Island, 10:00 am to Red Skin Island. Camera Charge: Rs.25/-. It is advised to take packed lunch and water before proceeding to the Marine National Park. Closed on Mondays. Tourist Coaches are available from Andaman Teal House to Wandoor. Regular bus services are also operated from Bus Terminus to Wandoor.

### **Rajiv Gandhi Water Sports Complex**

This is the first of its kind in India that offers all possible aqua sports facilities including safe-water sports, adventure-sports, sea-water swimming pool etc. under one water sports complex. In the safe water sport complex, paddle-boats, row-boats, glass-bottom boats, aqua-glide, water-cycles are available. In the adventure water sport front, Jet-Ski, Para-sailing, etc are offered. The marina, nearby, also houses a memorial of the Battle of Aberdeen fought between the Britishers and Andamanese aboriginals in 1859.

S. No.	Type of Activity	Timing	Person	Amount (Rs.)	Duration
<b>Adventure Water Sports</b>					
1.	Jet Ski	10 am to 5 pm	One Person	Rs.550/-	10 Minutes
			Two Person	Rs.750/-	10 Minutes
<b>Safe Water Sports</b>					
2.	Paddle Boat	10 am to 6.30 pm	2 Seater	Rs.20/-	30 Minutes
			4 Seater	Rs.30/-	30 Minutes
3.	Bumper Boat	10 am to 6.30 pm	One Person	Rs.30/-	10 Minutes
4.	Rowing Boat	10 am to 6.30 pm	Two Person	Rs.20/-	30 Minutes

**Contact Tourism Office : 01392-232694**

### **Sippighat Agricultural Farm (14 Kms.)**

Covering over an area of 80 acres west of Port Blair is a government farm for cultivation of spices like cloves, nutmeg, cinnamon, coconut and pepper etc. The Research and Demonstration farm of the Central Agricultural Research Institute (CARI) is nearby.

### **Chidiya Tapu(25 kms. from Port Blair)**

Chidiya Tapu is the southernmost tip of South Andaman. The lush green mangroves and forests shelter numerous chirping birds. The sylvan sands and Munda Pahar beaches make it an ideal picnic spot. The forest Guest House situated on top of a hillock provides a fabulous view of isolated islands, submerged corals and the breath-taking sunset. Conducted tours are available from Andaman Teal House, Port Blair.

### **Mount Harriet**

Mount Harriet (55 Kms. by road/15 Kms. by ferry and trek from Port Blair). The summer headquarter of the Chief Commissioner during British Raj, this place is ideal for fascinating over view of the nearby islands and the sea. It is the highest peak in the South Andamans (365 meters high). Conducted tours to Mt. Harriet are available from Andaman Teal House. Entry fee: Rs.25/-

### **Madhuban**

Madhuban(75 Kms. by road/20 kms. by ferry and trek road from Port Blair). It is north east of South Andaman. One can visit Madhuban from Mount Harriet by trekking through the jungle approximately covering 16 Kms. Exotic endemic birds, animals, butterflies are interesting sights of the trek.

### **Chatham**

The Chatham Saw Mill is one of the oldest and the largest saw mill in Asia. It is built on a tiny island and connected to Port Blair by a bridge. It is a store house of timber like Padauk, Gurjan, Marble, Satin Wood etc. Chatham has the second largest wharf of these islands, where Island-mainland ships can berth. Within the Saw Mill compound, the Forest Department has put up a museum showcasing the varied timber wealth of the Andaman & Nicobar Islands. The museum offers an insight into forest activities through scale models and display decorative pieces made of Padauk, Marble, Peauma, Gurjan, Satin Wood etc.

*Entry Fee: Rs.10/-. Closed on Sundays & Industrial Holidays.*

*Timing: 9:00 am to 2:00 pm*

### **Mini Zoo**

Mini Zoo is situated at Haddo (Delanipur-Chatham road). It houses some of the endemic birds and animals of these Islands.

*Time: 8.00 am -5.00 PM. Monday closed.*

*Entry Fee - Adult-Rs. 2/-, Child -Re.1/-*

### **Cottage Industries Emporium**

It exhibits a spectrum of artifacts made of mother of pearl, sea shells and local wood products, miniatures of Nicobari canoes, palm mats for floors, tables, furniture etc.

*Closed on Sundays & Holidays.*

*Timing : 8:30 am to 12:30 pm, 1:00 pm to 5:00 pm.*

### **Science Centre**

Science Centre, situated 5 Km. from Port Blair town, has an 'Andaman and Nicobar Islands Gallery' with interactive exhibits depicting genesis of the Islands, volcanic activities, science of oceans, fun science gallery, modern technology gallery, Taramandal(portable planetarium), open air science park and an in-house butterfly corner offer a kaleidoscope science spectrum.

*Open on all days (9.am to 4 pm) except Mondays & Public Holidays.*

*Entry Fee : Rs.5/-.*

### **Gandhi Park**

This beautiful park at Port Blair has facilities like amusement rides, safe water sports, and nature trail around the lake, garden, restaurant and historic remains like Japanese Temple as well as a bunker. The erstwhile Dalthaman tank, which was the only source of drinking water to Port Blair, and the area around it has been developed Gandhi Park in an as unbelievably short time of 13 days.

*Entry Free. Open on all days. Timing: 9:00 am to 7:30 pm*

## *ISLAND DESTINATIONS*

### **Neil Island (36 Kms. by Sea from Port Blair)**

This beautiful island with lush green forest and sandy beaches is the vegetable bowl of Andamans. Connected by boat from Port Blair four days a week, it provides an ideal holiday for eco-friendly tourists. One can feel the serenity of village life here. The beaches at Lakshmanpur, Bharatpur & Sitapur, and natural bridge formations on the sea-shore are fascinating. Snorkeling and scuba diving are activity options.

Hawabill Nest Guest House of the Directorate of Tourism provides comfortable accommodation. Booking of accommodation can be made from the Reception Desk of Directorate of Tourism, Port Blair. Boat Tickets can be had from the Directorate of Shipping Services on working days from 9:00 am to 12:00 noon and from 2:00 pm to 4:00 pm.

### **Havelock Island (50 Kms. by Sea from Port Blair via Neil Island 62 Kms.)**

This island, with beautiful sandy beaches fringed with green canopy of the rain forest beckons every one to enjoy the fun at the azure sea. Vijaynagar beach, 5 Kms. away from the jetty on the eastern side and Elephanta beach, 10 Kms. from the jetty (including trekking through the forest) on the north western part of the island are other breath-taking beaches. The Tourism Department organizes Island camping (tent accommodation) during the tourist season at Radha Nagar beach. One can enjoy the stay right on the seashore by hearing the lulls of the solacing sea in this camp.

Havelock is connected by daily speed boat services from Port Blair. Dolphin Resort provides comfortable accommodation at Havelock. Private Hotels are also offering excellent accommodation facilities there. Snorkeling and Scuba Diving facilities are offered by scuba dive centre operators seasonally. Accommodation at Dolphin Resort could be made from the Reception Desk of Directorate of Tourism, Port Blair on all working days during office hours.

## BEACHES AT HAVELOCK

### **Radhanagar Beach**

Radha Nagar Beach lies on the south coast of Havelock island. It is about 12 kilometers from the island's ferry pier. Radha Nagar is a Grade A beach of outstanding quality. This beach is also rated as the best beach in Asia by *TIME* Magazine. It has an overall length of two kilometers and an average width of 30 to 40 meters. The sand is white coral, very fine in grain. The beach has a gentle gradient of around 1:20 and continues out into the sea as a sandy bottom for over 100 meters. South facing, the beach has excellent exposure and is not subject to shading which could reduce its attraction for sunbathing. The rocky outcrops seen at the end of the beach provide some variety to the littoral. The quality of water at Radha Nagar beach is exceptionally calm and clear. There is very little wave action and consequently almost no turbidity in the water even along the surf line.

Conducted tours are available from Dolphin Resort at Havelock to Radhanagar Beach.

### **Vijaynagar Beach (Beach No.5)**

Vijaynagar beach, in Havelock, is a long stretch of sand on the east coast of the island, punctuated occasionally by rock sections. Most of the beach is lined by mahua trees, whose trunks grow along the ground for many feet before they begin to climb vertically. These trees have lent a distinct character to the sea front, and provide shade, close to the water. Vijaynagar Beach is perfect for long walks along the sea. Dolphin Resort is run by the Tourism Department and many other hotels are also located on this beach.

**Elephant Beach (Hathi Tapu)** at Havelock is another ideal site for snorkeling. It has a rich coral reef formation and amazing under-water marine life. One can reach Elephant Beach in a small cruise boat. Private ferry operators organize tours to Hathi Tapu from Havelock.

### **North Passage Island (70 Kms. by sea from Port Blair)**

This uninhabited island is famous for Merk Bay - a coral, white sandy, shallow beach suitable for snorkeling, swimming and sun-basking. The sea around the island is famous for playful dolphins. The island is not connected by regular boat services. One has to hire boats from Long Island or Yeratta jetty-Rangat to reach Merk Bay. Suitable for day visit to enjoy the glorious solitude. Accommodation facilities are not available. Keep packed food and drinking water while visiting this island.

### **Long Island (82 Kms. by sea from Port Blair)**

Connected with Port Blair by boat four times a week, this island offers an exquisite sandy beach at Lalaji Bay of un-polluted environment and evergreen forests. The sea around the island is frequented by dolphins. Lalaji Bay beach, 6 Kms. away from the boat jetty, is accessible by 15 minutes journey in dinghies or trekking through the forest. One can reach Long Island by boat from Rangat/Yeratta Jetty also.

### **Baratang Island (100 Kms. by road from Port Blair)**

This island between South and Middle Andaman has beautiful beaches, mangrove creeks, mud-volcanoes and limestone-caves. Andaman Trunk Road to Rangat and Mayabunder goes through this island. Lime-stone cave can be explored with the permission of Forest Department(from Baratang) and proper local guidance. Very limited government accommodation is available at Baratang. Keep packed food and drinking water while visiting the limestone caves.

### **Rangat (170 Kms. by road and 90 Kms by sea from Port Blair)**

One can enjoy the quiet village life and solitude of virgin nature in this part of Middle Andaman Island. You can also breathe unpolluted air, a rare availability for the city dweller. Amkunj beach (15 kms away from Rangat bazaar/jetty towards Mayabunder) and Cutbert Bay beach (20 Kms. away from Rangat bazaar/jetty towards Mayabunder) are the beaches near Rangat. Cutbert Bay is a turtle-nesting ground. One can view the nesting of turtle during December-February season. Hawksbill Nest Guest House managed by the Tourism Department is near the Cutbert Bay beach. One can also go to Mayabunder and Diglipur from here.

### **Mayabunder(242 Kms. by road from Port Blair)**

Situated in the northern part of Middle Andaman Island, Mayabunder offers excellent scenic beauty, mangrove creeks and beautiful beaches. Inhabited by the settlers from Burma and East Pakistan. Mayabunder has a distinct culture. Beaches at Avis Island (30 minutes boat journey from Mayabunder), and Karmatang (13 Kms) are fascinating. Swiftlet Nest Resort – run by the Tourism Department, located near the Karmatang beach provides comfortable accommodation.

## **BEACHES NEAR MAYABUNDER**

### **Karmatang Beach and Rampur beaches**

Rampur Beach is on the outskirts of Mayabunder town. Karmatang Beach is before reaching Mayabunder and is hidden from the road going past it by a rock outcrop and coconut plantations. The approach to the beach is also an unmarked, inconspicuous footpath. It, therefore gives the impression of secret hideout that's facing vast open sea. The place is quite enchanting. The water is clean, the waves not too rough and the sand is soft under the feet. Rampur Beach is smaller of the two and with less shade. It is right next to the road. Close to the beach, you can also see a portion of mangrove forest.

### **Diglipur (325 Kms. by road from Port Blair)**

Situated in North Andaman Island, Diglipur provides a rare experience for eco-friendly tourists. It is famous for its oranges, rice, forest wealth and marine-life. Saddle peak (732 meters), the highest Point in the Andamans is nearby. Kalpong, the only river of Andaman flows from here.

The first and only hydroelectric project of the islands is on this river. Trekking to Saddle Peak through the evergreen forest, Kalipur, Lamiya Bay & Ram Nagar beaches and sand-bar joining Ross and Smith Islands is a fascinating experience. Ramnagar beach and the sand-bar joining Ross and Smith Islands are famous for Turtle nesting during December-February season. One who prefers to be away from the hustle and humdrum of urban life must come here to enjoy unhurried holidays. Turtle Resort owned by the Tourism Department, at Kalipur provides comfortable accommodation.

### **Barren Island (139 Kms. by sea from Port Blair)**

The only active volcano in India is located in Barren Island. The volcano erupted twice in recent past, once in 1991 and again in 1994-95, after remaining dormant for about 177 years. This island is about 3 kms in diameter, and has a big crater of the volcano, about half kilometer away from the shore. The island can be visited by chartered boats only with the permission of Forest Department. Foreigners are restricted to on-board vessels only and landing ashore is not allowed.

### **Cinque Island**

Twenty Six Kms. from Port Blair declared as a sanctuary, this is an enchanting island with rare corals and under-water marine-life, fine sandy-beach and tropical rain-forest. No scheduled ferry service to Cinque Island is available. Chartered boats of permitted category are allowed from Port Blair and Wandoor. One may contact private boat operators to arrange the visit with due permission.

### **Little Andaman Island (120 Kms by sea from Port Blair)**

Little Andaman island, located south to the South Andaman Island, has various attractions in store for the tourists. There are two waterfalls in the island, both in the midst of the evergreen rain-forest. White Surf waterfall is 6.5 Kms. from the Hut Bay jetty. One can enjoy Elephant safari through the forest. The other waterfall-‘Whisper Wave’, is 20 Kms. away from here. Journey to ‘Whisper Wave’ includes 4 Kms. trekking

through the forest. Butler Bay, a beautiful beach, is 14 Kms. from the Hut bay jetty. The beach is suitable for basking, snorkeling and surfing. Tourist huts are available right on the sea front for stay. Boating through the creek near the beach is exciting. Netaji Nagar beach (11 Kms. from Hutbay jetty), and Harminder Bay beach are other beautiful beaches in the islands. One can also see the elephant lumbering operation and elephant calves training inside the forest. Little Andaman is also famous for its red oil palm plantation, which spreads over an area of 1600 hecets. There is a palm oil extraction factory inside the plantation. This can be visited while traveling between the White Surf waterfall and Butler Bay beach.

The Onges and Nicobarese, the aboriginal tribes of the islands and settlers from erstwhile East Pakistan and other places live in this island. Entry to tribal areas are restricted. Hut Bay is the entry and exit point for tourists. There are normally three boat services a week from Port Blair. The journey takes 7 to 9 hours.

## *DIVING IN ANDAMANS*

There is no better adventure than diving. Whether you are a novice, or having been diving for many years, there is always something new, fascinating or challenging about venturing into the underwater world. Your mind may be mesmerized by clouds of colourful fish, your curiosity raised by the mysterious remains of sunken ships or your creativity awakened by the art of underwater photography. Your diving interests may range from a casual pastime pursued on vacation, to constant passion, or even a career. Diving offers something new for everyone.

Diving in Andamans is a unique lifetime experience. The coastal water surrounding these islands are the abode of one of the richest coral reef ecosystem in the world. The specialty is that, here the coral-reefs and underwater formation are undamaged by human activity. The best season for diving is from December to April.

Many of the islands are surrounded by fringing reefs, often several hundred meters wide and separated from the shore by a lagoon of similar width. There are also more steeply undulating hills of volcanic lava, which makes for some unusual diving. There are plenty of steeply sloping and shallow reefs suitable for snorkelling. Large pelagic are plentiful in these waters, as are variety of sharks. Large schools of hammerhead often patrol the waters away from the reefs and Grey, whitetip, Nurse and leopard sharks are found closer inshore. Silvertip and ocean white tips also sometimes appear out of the deep blue beyond. Enormous manta rays are also often seen.

## *DIVE SITES NEAR SOUTH ANDAMAN ISLAND*

### **Cinque Island**

One of the best dive destinations in the island, it has clear emerald water with a visibility of upto 80 feet. The deep-dive offers a terrific variety of marine-life, including black-coral, sightings of sharks and is ideal for the experienced diver.

### **North Point**

This site at Cinque Island is mostly highlighted by sponges and small corals and diversity of fish species.

### **Southeast Reef at Cinque Island**

It is a good site for novices. The southeast part of the reef consists of hard and soft corals and very dense on the rocks to about 16m (53 ft).

### **Corruption Rock**

Corruption Rock sticks out between Chidiyatapu and Rutland Island. The dive-site is on the western side of the rock and is made up of big underwater boulders. The corals are not brilliant but the craggy undersea landscape of boulders is stunning alongwith a wonderland of gullies, channels, ridges and canyons. Look out for giant napoleons and eagle rays, huge snappers, schooling fusiliers, banner and unicorn fish. Dolphils, tuna and reef sharks have also been sighted here.

### **Rutland Island**

The shallow waters near the island have a good representation of fishes and coral. It is a good place for training open-water divers. There is a ship wreck site also.

### **Mahatma Gandhi Marine National Park, Wandoor**

Hundreds of colourful varieties of coral reef fishes can be seen in the park. Some of these are clown-fish, butterfly-fish, surgeon fish, angel fish, parrot fish, bat fish and groupers. Whitetip-shark, hammer-headed shark, manta-ray and blue-fin jack are also occasionally seen. More than 50 types of corals are found in the fringing coral reefs in the park. Some important coral varieties found here are Acropora, Pocillopora, Montipora, Leptosereis, Fungia, Portis, Tubipora and Gorgonians.

## *OTHER DIVE SPOTS*

### **Fish Rock**

This is near Passage Island. It offers an extremely colourful dive. The topography consists of rocky slopes, boulders and drop-offs featuring large fans of corals and plenty of sponges. Below 25 m, the rocks are covered in small bushy soft corals in numerous hues. Hard corals are not so evident. Grey and white tip. Reef Sharks are always in the vicinity as are nurse sharks. Among the rest of the marine life are eagle rays, potato cod, large coral groupers, fusilier, suitlips, turtles, batfish, parrotfish, squirrelfish, surgeonfish, curious and friendly oriental sweetlips, yellow tangs, triggerfish, tuna, rainbow runners and many species of trevally.

### **Bala Reef**

On the western side of little Andaman, Bala Reef spreads over 4-5 sq. km and is said to be one of the best sites in the Andaman for coral of vibrant colours.

### **Havelock Island**

This is located approximately 50 Kms. from Port Blair by inter-island ferry. There is a range of largely unexplored dive sites rich in underwater marine life, here. Some of them are stated below :

- **Mac Point**  
Mostly hard corals with their inhabitants. Usually with good visibility, dugongs have been spotted here.
- **Aquarium**  
Is a fringing reef with lots of 'fish traffic'. The site usually has a good visibility. Mostly hard corals are found here.
- **Barracuda City**  
This site has tons of fishes. Sometimes turtles. Mostly hard corals are seen here. Rather suitable for experienced divers.
- **Turtle Bay**  
This is an easy and pleasant dive site not exceeding 14 meters. Ray is found in the sand and with luck, turtles.
- **Seduction Point**  
A huge rock with different kind of aquatic life. Napoleons can be seen. The shallow part is full with stag horn corals and its inhabitants.
- **Lighthouse**  
It is a huge dive- site, suitable for any kind of dives. Huge variety of soft and hard corals ground here. Perfect for night dives.

- **The wall**  
It is a submerged rock. The wall drops down to a maximum of 55 meters and is full with life. Huge forests of soft corals plus schools of fish circling you, makes it always a memorable dive.
- **Pilot Reef**  
Near to Havelock is a huge block of pristine hard corals. At the bottom (max X 24 meters) 'canyons' are stretching out. Leopard and White Tip Sharks have been sighted.
- **Minerva ledge**  
Minerva ledge at Havelock is even bigger block of hard corals. It has tons of fish and bigger block of hard corals. Usually with good visibility and the possibility of seeing sharks makes it one of the top dive-sites.
- **Campbell Shoal off North Button Islands**  
The bottom of this site is covered with mainly hard corals, with sporadic sandy patches. It also hosts a multitude of reef animals. The marine life includes White tip Reef Sharks, and a host of colourful reef-fish.

## SCUBA DIVE OPERATORS

## *Fun Activities*

### **Water Sports**

The Rajiv Gandhi Water Sports complex at Port Blair offers adventure water sports activities, such as water skiing, sailing, water scooter, speed-boat rides, windsurfing, para-sailing etc. The safe-water sports component has paddle boats, rowing boats, water cycles, and many others.

### **Game Fishing**

There are numerous organizations that offer all kinds of fishing equipments and boats. The sea, off the coasts off Havelock Island, Neil Island, Long Island and Ritchie's Archipelago offer some of the best catches for fishing enthusiasts.

### **Forest and Beach Camping**

Adventure-lovers can pack their tents and camp on some of the best beaches in the world or in the forests. The Tourism Division rents out deluxe and ordinary tented accommodation at Radha Nagar Beach in Havelock Island. Bookings can be done at the Tourism Directorate at Port Blair.

### **Snorkeling**

One can enjoy the under water marine life and view the rarest of corals by snorkeling near the Rajiv Gandhi Water Sports Complex, Carbyn's Cove a Tourism Complex, Chidiya Tapu, North Bay, Islands Havelock and Ross & smith Island.

### **Trekking**

One can go trekking through the evergreen forest from Bambooflat to Mount Harriet, Mount Harriet to Madhuban in South Andaman, Kalipur(Diglipur) to Saddle Peak in North Andaman and in Little Andaman to experience the life within the lovely, dark and deep forests.

## *Flora and Fauna*

The canopied rain forests of the islands harbour 3000 species of plants including mangroves, epiphytes, palms, woody climbers, timbers (teak, mahogany, Andaman Paduack) and a wide variety of tropical fruits and 6451 species of fauna both in marine and territorial habitats. Marine fauna is diverse including a wide variety of tropical fish and coral. Considering the diversity and uniqueness of flora & fauna and the fragile nature of the eco system here 96 sanctuaries spread over 4662.18 Sq.Kms. and 9 National Parks spread over 1153.93 Sq.Kms. have been notified in these islands. There is also a Biosphere Reserve.

These Islands are blessed with unique luxuriant evergreen tropical rainforest canopy, sheltering a mixed germ-plasm comprising of Indian, Myanmar, Malaysian and endemic floral strain.

The South Andaman forests have a profuse growth of epiphytic vegetation, mostly ferns and orchids. The Middle Andamans harbours mostly moist deciduous forests. The North Andamans is characterized by the wet evergreen type, with plenty of woody climbers. The north Nicobar Islands (including Car Nicobar and Battimalv) are marked by the complete absence of evergreen forests, while such forests form the dominant vegetation in the central and southern islands of the Nicobar group. Grasslands occur only in the Nicobars while deciduous forests are common in the Andamans, they are almost absent in the Nicobars.

This atypical forest coverage is made-up of twelve types namely:

- (1) Giant evergreen forest
- (2) Andamans tropical evergreen forest
- (3) Southern hilltop tropical evergreen forest
- (4) Cane brakes
- (5) Wet bamboo brakes
- (6) Andamans semi-evergreen forest
- (7) Andamans moist deciduous forest
- (8) Andamans secondary moist deciduous forest
- (9) Littoral forest
- (10) Mangrove forest
- (11) Brackish water mixed forest
- (12) Submontane hill valley swamp forest.

The present forest coverage is claimed to be 86.2% of the total land area.

## TIMBER

Andaman Forest abound plethora of timber species numbering with a 200 or more, out of which about 30 varieties are considered to be commercial. Major commercial timber species are Gurjan (*Dipterocarpus* sp.) and Padauk (*Pterocarpus dalbergioides*), ornamental wood such as (1) Marble Wood (*Diospyros marmorata*) (2) Padauk (*Pterocarpus dalbergioides*), (3) Silver Grey (a special formation of wood in white chuglam), (4) Chooi (*Sageraea elliptical* and (5) Kokko (*Albizzia lebbeck*) are noted for their pronounced grain formation. Padauk, being steadier than teak is widely used for furniture making.

Burr and the Buttress formation in Andaman Padauk are World famous for their exceptionally unique charm and figuring. Largest piece of Buttress known from Andaman was a dining table of 13'x 7'. The largest piece of Burr was again a dining table to seat eight persons at a time. The holy Rudraksha (*Elaeocarps sphaericus*) and aromatic Dhoop/Resin trees also germinate here.

## FAUNA

This tropical rain forest, despite its isolation from adjacent land masses is surprisingly enriched with many animals. About 50 varieties of forest mammals are found to thrive in A&N Islands, most of them are understood to be brought in from outside and are now considered endemic due to their prolonged insular adaptation. Rat is the largest group having 26 species followed by 14 species of bat. Among the larger mammals, there are two endemic varieties of wild pig namely *Sus Scrofa Andamaneis* from Andaman and *S.S.nicobaricus* from Nicobar. The spotted deer- *Axis*, barking-deer and Sambar are found in the Andaman District. The Interview Island in Middle Andaman holds a fairly good stock of feral elephants. These elephants were brought in for forest work.

### **Butterflies and Moths**

With about 225 species, the A&N Islands house some of the larger and most spectacular butterflies of the world. Ten species are endemic to these Islands. Mount Harriet National Park is one of the richest areas of butterfly and moth diversity in these Islands.

## *STATE BIRD, ANIMAL AND TREE*

### **Andaman Wood Pigeon – State Bird**

Andaman Wood Pigeon is an endemic bird, which is found only in Andaman and Nicobar group of islands. This bird is of the size of a domestic pigeon with longer tail. This bird has whitish head with checkerboard pattern on neck. The upper parts are dark slate grey in colour and under parts are pale blue grey metallic. Reddish bill with yellowish tip and purplish red orbital skin are identification characters. The bird lives in dense broadleaved evergreen forest.

### **Dugong – State Animal**

Dugong, an endangered, herbivorous, marine mammal, also known as the Sea Cow is the State Animal of the island. It mainly feeds on sea-grass and other aquatic vegetation. Dugong is distributed in shallow tropical waters in Indo-Pacific Region. The animal is about three-meters length and weighs about 400 kg. In India, Dugong is reported from Gulf of Kutch, Gulf of Mannar, Palk Bay and Andaman & Nicobar Islands. Within A&N Islands Dugong has been reported from Ritchie's Archipelago, North Reef, Little Andaman and parts of Nicobars.

### **Andaman Padauk –State Tree**

Andaman Padauk is a tall deciduous tree found only in Andaman. It grows up to a height of 120 feet. The timber is highly prized for making furniture. Burr and Buttress formations add charm to the tree and used in making unique furniture.

### **Shells**

Shells are perhaps the most colorful and fascinating objects known to man other than gems since time immemorial. They served as money, ornaments, and musical instruments, drinking cups and in the making of fine porcelains. They were also the symbols in rituals and religious observances, and the returning pilgrims wore them as a token of divine pardon.

These islands are traditionally known for their shell wealth specially Turbo, Trochus, Murex and Nautilus. These shells are used for cottage industries producing a wide range of decorative items and ornaments. Shells such as Giant clam, Green mussel and Oyster support

edible shellfishery; a few like Scallop, Clam and Cockle are burnt in kiln to produce lime.

The Univalve or one shell group belongs to the class Gastropoda having more than 80,000 species. Sacred Chank belongs to this group. Their body, in the course of development, goes through a complicated process - 'torsion' i.e. the visceral mass is twisted though 90 degree together with the shell that covers it. Under mysterious circumstances many a time this process proceeds in the reverse direction thus creating an abnormal shell which otherwise lives like a normal shell. A classic example is the most wanted left-handed chank.

The Bivalve or Pelecypoda has about 20,000 living species. Majority of them burrow in sand or mud such as Pearl Oyster, Wing-oyster, Giant-clam etc. A third group, which is comparatively smaller, is called Cephalopoda, which includes Octopus, Squid, and Nautilus etc.

The soft body animal, which lives inside the shell, is covered with a thick layer of specialized epithelium cells known as mantle, which in turn secretes a two tier shell material making the shell. The outer layer having a different colour pattern is organic in constitution, technically called 'periostracum'. Calcium ions from the environment are absorbed into the blood and deposited evenly under this layer. The next inner layer is called 'nacre' or 'mother of pearl' responsible for the pearly-luster common to many shells.

## **CORALS**

Corals belong to a large group of animals known as *Coelenterata* (stinging animals) or *Cnidaria* (thread animals). Corals grow slow. The massive forms may grow up to 2 cm. in diameter and up to 1 cm in height a year, whereas, delicate branching forms grow between 5 to 10 cm. per annum. A true reef building stony coral may be unisexual or bisexual.

They breed together once in a year at a pre-determined time after dusk. This process, at places is so intense that the water stays pinkish till next morning. A large number of baby corals are released in the open ocean this way. After sometime these baby corals settle over a suitable substratum and start forming new colonies through a sexual reproduction. Their morphological features

change with the environment in which they settle. Due to this peculiar character they are often called 'Plastic animals'.

Stony corals could be broadly divided into reef builders and non-reef builders, the reef builders are called *hermatypic* whereas others are known as *ahermatypic* corals. The reef builders possess hard calcareous skeleton and need sunlight like plants to survive. On the other hand, the non-reef builders are devoid of a true stony framework and can live well without sunlight. A few among them are capable of making protein based solidified skeleton.

### **FISHES**

Each life form in the sea is confined to its own particular zone, where pressure, light, temperature and salinity are more or less constant. In this stable environment some creatures have remained unchanged throughout their entire history. The now famous *Coelacanth*, one of the groups of fishes thought to have been extinct for 60 million years, has remained essentially like its relatives as they appear in fossils. Fishes are the masters of water-world. For more than 360 million years they have inhabited in it. Today we have about 40,000 varieties of fishes known to science. They range in size from 10 mm (Philippine Gobie) to 21m. (Whale shark). Some are flattened, others inflated, many spindle shaped, a few snakelike, still others are compressed depending on the environment in which they live or their particular way of life.

## Do's & Don'ts for Visitors

### Do's

- ✓ Contact Tourist Information Centers/Tourist Police personnel for any assistance required.
- ✓ Treat the National Parks with reverence as they are the sanctorum of our precious natural heritage.
- ✓ Obtain permits from the Chief Wildlife Warden in case you are interested in taking photographs/video/investigation inside a sanctuary or a Marine National Park.
- ✓ Make use of service of authorized tourist guides.
- ✓ While driving, follow the traffic rules, keep left. Carry legal documents like driving license, permit, passport etc
- ✓ Consult Life Guards before entering the sea.
- ✓ Swim in safe areas only.
- ✓ Dispose off the garbage and plastics at proper places/dustbins.
- ✓ Take care of the coral reef, not only to host for yourself, but also for all others who follow.
- ✓ Take back only photos and sweet memories; leave only footprints and ripples.
- ✓ Obtain a transit pass from the Deputy Conservator of Forest, Wildlife Division, Port Blair, if at all you want to transport any wild animal/trophy/article etc. outside the islands.
- ✓ Avail the service of Scuba Dive Instructors having certification of international professional organization like PADI, CMAS, NAUI, BSAC or SSI for safe diving experience.
- ✓ Your concern for nature conservation is highly appreciated. Please inform local authorities/staff positioned in protected areas if you notice any undesirable activity.
- ✓ Foreigners, especially to ensure to and fro confirmed air tickets and accommodation in advance before proceeding to the Andaman Island to avoid immigration problems
- ✓ Foreign Nationals should obtain the required permit from the Immigration authorities soon after landing in the island at Airport/Harbour.
- ✓ Visit only the permitted areas in the Islands.
- ✓ Keep the beaches and the environment clean.
- ✓ Observe decency and decorum in dress.

- ✓ Drive the vehicles in accordance to convoy system. Same-day return by Andaman Trunk Road is not permissible according to Jarawa Policy.
- ✓ On beaches, parents are requested to keep an eye on their kids at all times.
- ✓ Please drink sufficient water to avoid dehydration.
- ✓ Please inform your location to the Life Guard.
- ✓ Please pick up your bags and bottle while leaving the visiting spot.
- ✓ Please consult reception desk of Tourism Division of Directorate of IP&T before availing the services of any tour operators / travel agents.

### **Don'ts**

- Foreign Nationals should not enter the islands without required permit.
- Do not enter in restricted/tribal areas.
- Do not take video, film or photographs inside Tribal Reserve Areas and of the indigenous tribes.
- Do not take pictures of the airport, government dockyard, defense establishments, naval wharf, Dhanikari Dam and Chatham Saw Mill.
- Do not collect, destroy or remove any living or dead animal/plant.
- Do not collect, destroy or touch/break live coral. Please do not stand on the coral reef while snorkeling/Scuba Diving.
- Do not take video or film without permit, wherever such permits are required.
- Do not carry sea fans and seashells unless specific permits are obtained from the Forest Department.
- Do not throw garbage and plastic in public places, beaches and into the sea.
- Do not swim after consuming liquor
- Do not swim in unsafe waters during monsoon
- Do not light fire in Protected Areas as it not only destroys forests but also damages wildlife habitat.
- Person who commits breach of any of the conditions of the wildlife protections shall be punishable by law.
- Do not stay on the beaches or forest during nights by putting up tents/hammocks.
- Nudity on beaches and public places is forbidden.
- Do not enter the National Parks without permission.
