Respected Sir,

It is strange to know that some complaints have gone to you written in the fake name of **Shri. Nathaniel**, resident of Sawai Village, Car Nicobar about some of the Senior Officers of APWD. Sir, we are the innocent people have no concern on any such issues but I being the Chairman, Tribal Council and resident of Sawai Village is fully aware that there is no person named as **Nathaniel** and we have never taken any decision in the meeting of Tribal Council to degrade Senior Officers of any Department neither we will take any such decision about the officers of APWD who have done excellent job right from the Tsunami period till date to rehabilitate our people providing all basic needs. Rather we would request your honour to investigate about the person who has defamed the Tribal community by writing fake complaints.

Yours faithfully,

(**ABERDEEN BLAIR**)
Chairman, Tribal Council,
TRIBAL COUNCIL,
Car Nicobar
